

Veotec Jalousie Weathertight Hatch

All of our water removal products can be fitted with a weathertight hatch where extreme conditions require extra protection.

Jalousie Weathertight Hatch

Hinges can be placed on any side and the closing mechanism designed to suit the project specifications and efficiency requirements. Hatches are available as an ancillary item or with integrated louvre or spray eliminator.

The material of manufacture can also be matched to the overall specification from high-grade Stainless Steel to galvanized or painted Carbon Steel.

The Jalousie Weathertight Hatch can be supplied as a separate hatch or integrated with a Weather Louvre, SE1 - Single Spray Eliminator or SE2 - Two Stage Spray Eliminator.

Materials of Construction

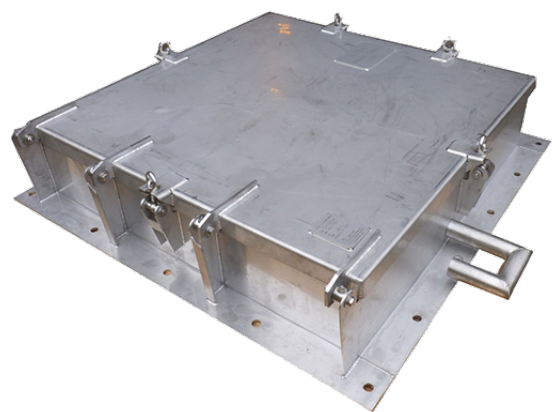

Materials

Stainless Steel 316L / DIN 1.4404

Stainless Steel 304L / DIN 1.430
